15:00 Three Continents, One Story – What Works in Digital Government?

Roundtable, hosted by the ADB, IADB and CDPI

Open to the G4I audience

Seven public sector leaders from Africa, Asia and Latin America will be sharing key insights on their digital transformation journeys and their Government's experiences with Govtech. Hosted by the Asian Development Bank (ADB), the Center for Digital Public Infrastructure (CDPI) and the Inter-American Development Bank (IADB), the roundtable will shine

the light on the diverse opportunities and challenges related to Govtech adoption, followed by an informal networking session with the audience. Keen to meet champions of Government transformation from around the globe face to face? Join this roundtable session!**May 22**

15:00GovTech Global Alliance – GovTech Clinic – helping you solve your govtech problems

Discussion, hosted by the Global GovTech Alliance

Open to the G4I audience

Do you have a burning issue around your govtech program that you need solving? Is procurement an issue? What about attracting startups to your program? What about scaling innovation within your organization? Are you looking to set up a govtech ecosystem? How do you secure funding?

Join our expert panel of govtech ‘clinicians’ who can help answer your questions. With insights from Brazil, Lithuania, the UK, and the US, this is your chance to get your issues answered. This will be an open and interactive forum, and if you think you could bring additional insights to the room, then please join us!

‘Clinicians’:

- Cat Nikolovski – Executive Director, Civic Software Foundation
- Kamila Gasinska – Strategic Partnerships Lead, GovTech Lab Lithuania (Innovation Agency Lithuania)
- Guilherme F Dominguez, Executive Director of BrazillAB
- Alexander Holt – International Ecosystems, Scottish Government
